Short Term Medical PLUS℠

Short Term Medical PLUS Rate Calculation Worksheet

The rate calculation worksheet below makes it easy to calculate the rates you pay for Allied's Short Term Medical Plus. Using different combinations of deductibles and durations you can find the plan that works best for you and your budget.

RATE CALCULATION:

1) Determine rates based on deductible chosen and sex and age of each person. For child(ren) rate multiply number of children by the per child rate.
2) Multiply the subtotal (D) of these rates by the Area Factor, the Rate Load Factor and the Duration Factor to get Premium Subtotal (E) and round to nearest dollar. The Rate Load Factor is determined by the requested effective date and whether choosing Prepay or Monthly billing.
3) The duration factor is determined by the maximum length of coverage requested and the age of the applicant.
4) Add rates for optional Supplemental Accident coverage if applicable. Supplemental Accident rate is for each person applying (e.g. if applicant, spouse and 1 child apply, the rate is 3 times $5 for a rate of $15).
5) Add Administration Fee to get Total Monthly Cost (H).
6) For Prepay ONLY – multiply H times number of months requested for Prepay total Cost (J).

NOTE- Business checks cannot be accepted. Payment must be made by credit card or personal check payable to Allied National.

Online enrollment and rating is available at *tempmedsales.alliednational.com*.
